

REAL STORIES of CHANGED LIVES

I now communicate Gospel truths more clearly. It's become a part of my everyday "vocabulary". Six kids came to faith in Christ at our Sports Camp ... two more at Children's Camp. **- Susan, Children's Pastor**

Many are sharing with their parents, siblings and friends at school! God is amazing/ We have 25-30 kids from unchurched families coming mid-week through our bus ministry. We want to reach their parents and siblings and win families to Christ. **- Larry, Pastor**

I thought most of our kids were sure of their salvation but about 80% have "confirmed" their salvation in Jesus Christ. Kids really understand the Gospel and personalize it for themselves. **-Sue, Children's Director**

We see our kids bringing friends. They want them to believe in God. I've seen their confidence in sharing greatly increased. Hope For Kids gives them a lot of tools for sharing the message of Christ with others. **- Michelle, Sunday School Teacher**

Our 17 kids are having fun, engaging in the activities and sharing. Last week, 100% shared with at least one person. **- Stacy, Children's Director**

Ida and her two kids were going to visit their grandmother in the hospital.

"Is Grandma saved?" asked her son.

"I don't know" said Ida, who had never shared her faith.

The two children, trained through HOPE FOR KIDS, were moved to explain the Gospel with Grandma. Not fluent in Spanish, mom served as their interpreter.

That day, as her grandchildren explained the Good News to her, Grandma invited Jesus into her life!

We see our kids bringing friends. They want them to believe in God. I've seen their confidence in sharing greatly increased. Hope For Kids gives them a lot of tools for sharing the message of Christ with others. **- Michelle - Sunday School Teacher**

WHY teach kids to share their faith?

- 1 To establish a deep, rich understanding of a relationship with Jesus and the Gospel while strengthening their faith.
- 2 To learn early on, the importance of sharing their faith and enjoy it!
- 3 Because kids easily perceive a real and personal God. God created kids to share honestly and naturally. And kids who love Jesus want their friends to know Him too!
- 4 To equip kids to take the life giving message to their friends at school, sports teams, playgrounds and neighborhoods.
- 5 Children are the most responsive to the Gospel. According to Barna research, 85% of Christians in America come to faith in Christ BEFORE THE AGE OF 13! Hope For Kids will prepare kids (and adults) to share the Gospel.
