

Easy to adapt— Easy to teach

Hope for Kids from EE International adapts to fit several disciplines including:

- Sunday school
- Children's church
- Christian school environments
- Mid-week children's church programs

And it can easily be taught by laypeople in your church.

Thumbs up! from teachers, students

"A first time student in the class gave his life to Christ a few weeks into the Hope for Kids training. His mom was the one that contacted me. She was so excited about her son's decision for Christ." —Sara, a teacher

"One boy went to the neighbor and shared the Gospel. He said that he was not afraid of the rejection, since it was not him who was rejected and he also prayed that the Holy Spirit would help him say what he was supposed to say." —Jin Hin, a teacher

"Thank you for letting me know more about God and Jesus. It was really easy to understand. I really enjoyed attending and was a bit sad when the training ended." —Susan, a student

HOPE FOR KIDS

CHILDREN CAN DO THIS!

Hope for Kids

From Evangelism
Explosion
International

www.hopeforkids.world

Evangelism— it's not just for adults!

Hope for Kids from Evangelism Explosion International is revolutionizing how children in grades 3 – 6 can be witnesses for Jesus Christ. It is a visual, interactive method that equips children for evangelism. And it works! Children CAN share the Gospel.

Hope for Kids has been tested in many different areas of the world and then refined into an easy-to-learn, effective tool that lays a foundation for evangelism at a young age. Children gain a clearer knowledge of their personal faith in Christ and establish a foundation as lifestyle evangelists for the next 50, 60, 70-plus years of their lives!

Crafts, Games, Big Ears— Now THAT'S Evangelism

Hope for Kids uses five key, biblical points that clarify the Gospel of Jesus Christ. Key Bible verses, (the power of the Gospel message) and story illustrations are included with each point. Throughout the training, Hope for Kids incorporates learning styles that make sense to children and make the Gospel stick. It's a fun, interactive, fulfilling learning experience that lasts a lifetime.

Stories, object lessons, songs, skits and hands-on experiences are the building blocks that Hope for Kids uses to help young people understand their faith and share it with others.

Fun . . . and the Great Commission

Did you know that the greatest percentage of children who profess Christ as Savior do so between the ages of six and 12? Hope for Kids targets these children. We teach you not only what you must know in order to launch Hope for Kids in your church, but also how to present the training to children in a fun way that they'll grasp.

When you sign up for a Hope for Kids launch, you'll pay a registration fee, but the materials are free including the Teacher's Book, Student Activity Book and the Pathway to Hope witnessing booklet. And churches that implement a Hope for Kids ministry are eligible to receive student materials at no charge. Our desire is that every child be equipped to share his or her faith.
